

Kindergarten students will be caroling during their music classes on either the 21st or 22nd of December!

Again, this will be done during the school day and will be within the walls of our school building. Our voices will be spreading holiday cheer specifically to the other IA classes as well as common areas in our school.

We will use this as an opportunity to practice our performing skills! We are working to sing together, as a group. We are developing our clear, loud, and appropriate sounds with the purpose of performing. We are memorizing lyrics, choreography, and are excited during our rehearsal time!

During this holiday season, please ask students to share what they are practicing in music class! Any opportunity to perform is a great one!
