**INSTRUCTIONAL APPROACH**

It is the policy of the Board that instruction will be aligned with the goals, mission and policies of the School District. Additionally, the District’s instructional program will comply with the rules of the NH Department of Education and all applicable state statutes and federal law.

Instruction will be focused on meeting the instructional needs of students with different talents, interests, and development.

The instructional program will include:

1. Procedures for diagnosing learner needs
2. Methods and strategies for teaching that incorporate learner needs
3. Resource-based learning opportunities
4. Techniques for the evaluating of student outcomes
5. The provision of remedial instruction as needed.

Instruction will include, where possible, consideration of all available community resources, including but not limited to organizations, businesses, talented individuals, natural resources, and technology to actively engage students in achieving the necessary skill and knowledge.
