	<b>Title:</b>	<b>Physical Examination of Students</b>
	<b>Category:</b>	<b>R (Recommended)</b>
	<b>Page:</b>	<b>1 of 2</b>

**PHYSICAL EXAMINATION OF STUDENTS**

Each child must have a complete physical examination within one year preceding first entry to school. The Board recommends that physical exams also be completed before entry into middle school. No medical examination shall be required of a child whose parent or guardian objects thereto in writing on the grounds such medical examination is contrary to his/her religious tenets and teachings.

Parents of students transferring to the District must present proof of meeting the physical examination requirement prior to or upon first entry into the District's schools. Failure to comply with this provision may result in exclusion from school for the child.

Upon entrance to the middle school a physical will be required to participate in athletics. The physical will be valid for the duration of attendance at the middle school. This requirement does not apply to students participating in intramural athletics. The school may schedule physical exams; any student who misses the scheduled physicals must present evidence of a physical exam from his/her own licensed health care provider.

No child shall be excused from regular physical education except on the written notice of a duly licensed health care provider or on the written request of the parents, subject to the Superintendent's approval, in which case an alternative program shall be provided. The physical education teacher, school nurse, or principal, upon the request of the parents, may grant temporary excuses on a day-to-day basis.

**Parent Notification – Certain Circumstances**

Pursuant to No Child Left Behind and the Protection of Pupil Rights Amendment, if the District utilizes federal money to perform physical exams or screenings on students, the District will notify parent(s) of such physical exam or screening and will allow the parents to "opt out" their child of any non-emergency, invasive physical exam or screening required as a condition of attendance, administered by the school or its agent and scheduled by the school and not necessary to protect the immediate health and safety of a student or of another student, except for hearing, vision or scoliosis screenings, or any physical exam or screening permitted or required under state law.
