RETURN TO SCHOOL FOLLOWING LONG-TERM ILLNESS/INJURY/SURGERY

For a student's well being or that of other students and staff, medical documentation is required when there is concern or question regarding a student's participation in his/her regular school program.

Following long-term illness, injury or surgical procedure, a healthcare provider's note outlining recommendations for care and/or restrictions shall be presented to the School Nurse on or before the day the student returns to school.
