

District Goals 2018 - 2019

Rethinking, Restructuring, and Revitalizing

Social and Emotional Learning

To advance Social and Emotional Learning by providing for student social, emotional, mental and behavioral wellness.

Curriculum Assessment and Instruction

To continue to work toward 100% proficiency in core curriculum content and support an environment of academic challenge for all students.

Equity

To ensure a supportive, quality environment that is characterized by genuine acceptance, personal value, and respect where all stakeholders are invested in learning.

Communication

To continue to foster strong relationships with all stakeholders through effective communication that is built on trust and shared responsibility.

Governance

To continue to address the critical educational needs in the school district.

Operations, Resources and Safety

To continue to align resources to advance efficient school operations and maintain a safe learning environment within a well-managed budget.
